

Statements of the new leader of Ravalomanana's movement, Roland Ravatomanga, on 4 January 2014, at Magro Behoririka:

***“You in the SEC (Special electoral court)... don't think you can swindle the people. We do not intend to terrorise you or threaten you but we are just warning you: beware for you might incur the people's wrath. Don't make us do anything silly. We have a trusted jurist sitting on the SEC. If we find out ahead of time that it's not going our way, we are sorry to say that the people will rise up”.***
